Hey Chris – You will need to reach out to Mr. Bob Patton, Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]. He over sees the states RCRA program.

Sincerely,

Hi [REDACTED],

Thanks again for meeting with us in Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]. tire recycling plant. It was a really informative experience for us.

I'm contacting you today with regards to a different project that our office is working on to examine the benefits of the RCRA program (specifically Subtitle C: Hazardous Waste), with respect to public and state legislatures as part of the project justification process.

We are contacting a small group of states to see what kinds of innovative and effective methods of communicating the benefits of RCRA exist currently. Our goal is to learn more about your messaging and identify and disseminate best practices.

Would you be the right person to contact with this request, or someone else in your department?

I'm cc'ing my colleague, Tyler Rubright who is working with me on this project. Please let us know if you have any questions or concerns, we really appreciate it.

Regards,
Chris Carusiello
